## Sea Gems Black Diamond Buckeye, RN "Dylan"

Rally Obedience is a sport in which you walk through a course of signs (stations) stopping at each one and performing the required behavior. It became an AKC titling event in 2005, although it had been around the APDT circuits a few years prior. I became involved with Rally because 2 of my obedience club members were going through their AKC testing to become Rally judges. So when January 2005 came along, we all knew the ins and outs through these 2 women.

Rally is not as structured as regular obedience. You may talk, praise, clap, pat your leg, point to encourage your dog without touching them. The judges encourage this and wants to make it fun for the dogs. The course is timed only to use as a tie breaker and you get 1 "do over" if your dog does not get it the first time. Novice Rally is all on leash with about 15 stations.

Dylan is my most recent Novice Rally titleholder at 9 months old. According to the AKC, he is the youngest Gordon to achieve this title to date. What is really amusing is that I was not going to enter him at one point because I did not feel he was ready. But, Bill convinced me to do it. He said "What is the worst that could happen.....him not qualify? It is all on leash."

We entered Dylan in his first breed shows in Secaucus, NJ at the Garden Specialties show (what used to be the Combined). It has now evolved into a 4 day event including Obedience and Rally. Not knowing how Dylan would react to the ring and commotion was a concern. I wanted to make the ring experience a positive one. As we approached the Rally ring, I had a treat in my hand (outside the ring) trying to keep his focus. The good thing was that Rally was the second day, so he was more comfortable with the environment. As we started into the course, his focus started to wane. So I used what I know would get his attention..."Do you want a cookie?" He started looking at me again and I praised him throughout the course. I also used my finger as a focus point as I wanted him to think I had food. By the end of the course, I was really proud of how he handled himself. He did qualify with a 98 out of 100 and a tie for 4<sup>th</sup> place. At almost 8 months and his first show, I just wanted a good experience. Not bad for a puppy with the attention span of a gnat. After that performance, it encouraged me to go further to get his title.

### ATTENTION:

**EVERY** owner entering the 2008 GSCA National Specialty in Gettysburg or at the 2008 GSCA National Championships their animals will have to be **AKC DNA CERTIFIED**. These AKC DNA certification kits are available through the AKC or through Candice Bell. It will take 6-8 weeks to receive confirmation that the AKC has completed the process. We recommend this being done **NOW**.

### **DOGSTEPS, A New Look**

by Rachel Page Elliott  
Doral Publishing  
\$19.95

Using cineradiography, or "moving X-rays", Ms. Elliott moves forward in her study of canine movement since her first publication of Dogsteps in 1973.

She goes over commonly used terms of a dog's anatomy, provides comparative anatomical diagrams, describes the different gait patterns, and other topics relating to good structure. Going over the foundation of structure and movement and the importance of angulation will give readers a lot of insight into how their dog moves and what muscles are important. I found the section on toplines, necklines, and tailset extremely helpful in understanding correct movement. This is a useful guide with excellent diagrams and drawings for both new and veteran dog owners.

**Rally feature Continued from Page 1**

I start all my puppies with obedience basics as soon as they come to live with us. Sit, down, come, stand, stay, it becomes ingrained in their long term memory and is useful in everyday life. Puppies are really sponges....they absorb a lot of what is given them. So don't be afraid of overloading their learning. But make sure the training sessions are short...5-10 minutes. Treats and toys are a great help in achieving their focus early on. Remember to use what is at your disposal and if they are not paying attention do something to get it even if you have to jump up and down. If they respond to certain words, use them. You have to be the best thing out there and as long as their focus is on you, they will not be afraid.

**Rally Basics**

A rally course includes 10 to 20 stations, depending on the level. Scoring is not as rigorous as traditional obedience. Communication between handler and dog is encouraged and perfect heel position is not required, but there should be a sense of teamwork between the dog and handler. The main objective of rally is to produce dogs that have been trained to behave in the home, in public places, and in the presence of other dogs, in a manner that will reflect positively on the sport of rally at all times and under all conditions

The titles offered at each level are Rally Novice (RN), Rally Advanced (RA), and Rally Excellent (RE). Each one is earned by earning three qualifying scores (legs) at three obedience trials. The advanced title Rally Advanced Excellent (RAE) is earned by qualifying ten times in both Advanced and Excellent at the same trial.

**Tracy Murch Newest Member of the TarTan Rescue Team: Permanent Home Coordinator**

I got involved in dogs many years ago when I decided to leave my teaching job in NH (much to my mother's horror) and moved to Kentucky where I went to work as a trainer and groomer at a kennel that imported German Shepherds to be trained as personal protection dogs. It was during this time that I met a breeder of show golden retrievers and entered the world of conformation. I spent the next years showing goldens in both conformation and obedience and then helped my mother show her miniature pinschers.

I knew that I needed to get back into what others perceived as a "real job" so moved back to New Hampshire and went back into education. As my last and favorite golden began to age, I knew I wanted to continue showing dogs, but really wanted to find a breed that would be easy to owner handle. After looking into many breeds I settled on Gordon Setters and purchased Dory. Through Dory, I discovered the world of hunt tests. It was a case of the blind leading the "thank goodness she has natural talent" as we began hunt training. My husband, son, and I have been very busy working with Dory. When I finally felt secure enough with my own ability I entered Dory in her first hunt test where I met many TarTan people. They could not have been nicer and at that time I decided that I would get back involved with the club. I had joined when I first got Dory, but didn't get very involved.

After receiving my TarTan newsletter I saw that there was a need for a "permanent home coordinator." Seemed easy enough.....but I call it trial by fire. After a brief conversation with Ellen, I soon began receiving emails about the need to set up a home visit with a family in NY. Not knowing what exactly it was that I was supposed to do, I decided I needed to jump right in with both feet. With the help of many rescue members we were able to coordinate the visit and I am happy to report the dog is still a happy member of his new home. What a great feeling!

**ATTENTION MEMBERSHIP!**

The Board of directors and the newsletter staff would like feedback pertaining to the offering of an e-mailed PDF version of the newsletter. This newsletter would be in full color and e-mailed when the paper version was sent to the printers. Members who opted for the PDF version would no longer receive a paper copy unless they specified that they wanted both. If there is enough interest the PDF version could start as early as next month's newsletter!

Feedback, thoughts and opinions on this matter can be e-mailed to Jeff Martin at [martijef@fairpoint.net](mailto:martijef@fairpoint.net)

**TARTAN RESCUE NEWS**

**Below is a letter sent to our new Permanent Home Coordinator from our latest adopters!!**

Desi, now named Brodie is doing fine. He settled right into the house as though he'd always been here. Our other dog, Maggie seems to like him and lets him drink from her water bowl. He loves being outside and would stay there all day if he could. Unfortunately, no one's home from 8:30 until around 3:00 at least until towards the end of June, so he'll have to be patient.

He's very sweet and quite cute and we all like him a lot. He needs to learn to walk better on a leash but that will come hopefully.

Thanks for helping us adopt him, we're glad to have him!

**Do You Remember... ?**

As you read in your previous Tidings, the editors are introducing a new column, which premieres in this issue.

We hope you enjoyed reading Cindy Fitzgerald's reminisces about showing in a New England monsoon both entertaining and evocative of similar events! If so, won't you please share with all of us? If, as in Cindy's case, a photo is available – great! If not, they we'll just use our imaginations!

Please remember, your story may be funny, serious, educational, informative (perhaps sharing memories of influential members who are no longer with us) or other things/events that are an integral part of TarTan.

We look forward to receiving and sharing your remembrance.

TarTan Spring Field Trial

The TarTan Spring Field Trial was held on April 12 - 13 and the weather forecast was grim, but for once, they were wrong. The promised washout on Saturday happened between 3 and 7am - and except for excessive warmth on Saturday afternoon, we were truly blessed.

As always, special thanks go to Larry Clifford, who is a great secretary, a great help, and who always remembers what I forget and always maintains good cheer. Many thanks to our judging panel: Kevin and Jeanne Culver, veteran Gordon trailers Jim D'Amico and Ken Kohles, and John Malone.

Ralph Schmid and Candice Bell ran the absolutely awesome TarTan kitchen throughout the weekend and were great help with the clean-up. Our excellent Judges' Dinner on Saturday night was provided by firehouse chef, Jim Blaschke and Brenda, with sumptuous brownie dessert donated by Gwynne McDevitt. The bounty was thoroughly enjoyed by all.

Jane deCasteja was chief line marshall and kept the trial running smooth as silk. Bird planting and marshaling duties thanks to Ken Kohles, Pat Sanborn, Susan, Gregory, Debby Friedus, Gwynne McDevitt, Dianne Tuttle, Steve Bedford, Karolynne McAteer, and Keith Culver. Jim D'Amico was a great help getting us going in the morning with first bird liberation and picking up pieces at the end of the day. Special thanks to Nat Bedford for his hard work in the bird room and to Susan Gregory for scrubbing pans. Jim Blaschke remains the best firehouse chef and best after trial clubhouse detailer. Thanks again to all the wonderful help and support we get from all folks inside and outside our club and our breed.

The Board shall name a chairman for the Committee. The Nominating Committee shall be responsible for the conduct and preparations necessary in the case of a contested election. The Nominating Committee may conduct its business by mail, electronic medium or telephone conference call.

(a) The Nominating Committee shall nominate from among the eligible members of the Club, one candidate for each office and for each position on the Board of Directors and shall procure the acceptance of each nominee -if so chosen. The Committee should consider geographical representation of the membership on the Board to the extent that it is practicable to do so. The Committee, not later than March 1 next following, shall then submit its slate of candidates to the Secretary, who shall have said report published in the following Newsletter, so that additional nominations may be made by the members if they so desire.

(b) Additional nominations of eligible members may be made by written petition signed by five voting members in good standing and accompanied by the written acceptance of each such additional nominee signifying his willingness to be a candidate and a brief resume outlining the nominee's qualifications. Such nominations from members must be received by the Secretary not later than April 15 next following. No person shall be a candidate for more than one position.

(c) If no valid additional nominations are received by the Secretary on or before April 15, the Nominating Committee's slate shall be declared elected, effective at the annual meeting by means of the Secretary casting a single vote for the election of the unopposed, slate. No further balloting will be required.

(d) If one or more valid additional nominations are received, by the Secretary, on or before April 15th, the Secretary, or an independent professional firm designated by the Board) shall, cause to be published in the May edition of the Club's newsletter a listing all of the nominees for each position, in alphabetical order, along with a brief resume of the candidates qualifications.

(e) In the event of a contested slate of candidates, the election of Officers and Directors shall be held at the annual meeting by secret ballot. The time allotted for the election shall be published in the newsletter prior to the annual meeting and shall provide sufficient time to allow all members wishing to vote, to do so. The nominating committee shall be responsible for the conduct of the election, the preparations necessary and shall serve as an election committee as listed herein. Ballots must be clear and impartial with the candidates listed in alphabetical order in each office section of the ballot. Members will be checked against the current list of voting members, as provided by the membership chairperson, given a ballot to be marked and shall return the ballot to be placed in a ballot collection box. Ballots shall be counted once each member has had the opportunity to vote. Once the voting has been closed at the annual meeting no more votes may be accepted. Those voting members not able to attend the annual meeting may request an absentee ballot from the nominating chairperson not later than 30 days prior to the annual meeting. Said absentee ballot shall be the same ballot as will be used by members attending the annual meeting. Dual envelope procedures shall be followed for all absentee ballots. The Nominating Chairperson shall provide a ballot, together with a blank envelope and a return envelope addressed to the nominating chairperson marked "Ballot". So that the ballots may remain secret, each voter, after marking their ballot shall place and seal the ballot in the blank envelope which in turn is then placed in the return envelope. Each voting member must then legibly sign the outside of the return envelope. Absentee ballots must be received by mail prior to the date of the annual meeting to be valid. The nominating Chairperson shall then carry the ballots unopened to the annual meeting. Absentee ballots shall be checked against the current list of voting members and the list of members who voted in person at the annual meeting. Once the ballots are checked for privilege and duplication, they shall be removed from the outer envelopes by the nominating chairperson, who then gives the ballots in the blank envelopes to one of the other election committee members, who shall remove the ballots from the blank envelopes and place them in the ballot collection box to be counted along with the ballots cast by the members voting at the annual meeting. Voting shall be restricted to those voting members in good Standing with the Club as of the date of the Annual meeting. The ballots shall be counted by a committee of at least three persons and shall be chaired by the nominating chairperson; no person who is a candidate for office shall serve on the election committee. The results of the election shall be announced at the annual meeting and published in the following month's newsletter. (f) The nominated candidate receiving the greatest number of votes for each office shall be declared elected. In the case of a tie for any office the Board of Directors, by a majority vote, shall determine the issue or may call for a runoff election in the undecided slot. If any nominee, at the time of the election, is unable to serve for any reason, such nominee shall *not* be elected and the vacancy so created shall be filled by the new Board of Directors in the manner provided by Article 111, Section 5.

**Rescue Foster Questionnaire- Updated 10/22/2007**

With the reformatting of the TarTan GSC Rescue, we are attempting to develop a 'Foster Availability' spreadsheet to be used as a reference for our committee. This spreadsheet will assist the Foster Coordinator in finding the most suitable, available foster home for our rescues. We intend this spreadsheet to cover ALL aspects of rescue and foster; identification of potential rescue, transport of rescue, foster care (short term as well as indefinite term) and possibly home visits for prospective homes. We are also attempting to include in this spreadsheet, kennels and veterinary care for those times that a foster (or our regular veterinary caregivers) are unavailable. Please answer all the questions and return this form in the stamped/self addressed envelope:

(To Cindy Fitzgerald, P.O.Box 155, Goshen, CT.,06756)

Cindy will be making follow up calls to insure that all information available is documented. This form will also be uploaded onto our website and can be answered in that venue as well. Even a one day transport or an overnight foster is an important addition to our spreadsheet, so please give us your honest answers....

**Candid Photos and Videos Needed for the TarTan Archives**

If you have any of the following, please consider donating them to the TarTan Archives:

Any candid photographs of the 2007 National Specialty at Olympia Resort in Oconomowoc, WI or the National Championship and Field Trial. Cloverdale Farm, Sutherlin, Virginia. Please send photos to archives on a CD if possible. (High resolution images provide the most flexibility for future use.)

Videos of past TarTan specialties or parts of the specialties. (If you can burn a copy to CD or DVD, that'd be great, but ask Karen what format she'd prefer.)

Thanks for your help!
